

EDUCATION

ASSOCIATE OF ARTS
61-63 CREDITS

This degree prepares students to apply educational theory and practices effectively, enabling them to create engaging and supportive learning environments for learners of all ages.

The Education degree offers two tracks and is designed to transfer associate degree credits to a bachelor's program.

»» ELEMENTARY EDUCATION TRACK

This track equips aspiring educators with the essential skills to teach children in grades K-6. Students learn effective teaching strategies and classroom management techniques for younger learners.

»» SECONDARY EDUCATION TRACK

This track provides an essential foundation for those aspiring to become high school educators. This program offers a comprehensive introduction to teaching, equipping students with the critical skills and knowledge necessary to inspire and educate future generations.
