

HISTOTECHNOLOGY

ASSOCIATE OF APPLIED SCIENCE
62 CREDITS

A Histotechnology degree equips individuals with the skills and knowledge to excel as confident and competent histotechnicians. Students will gain expertise in various techniques, including microtomy, and preparing specimens for examination and analysis.

Histotechnology is an ever-evolving profession, driven by the constant advancement of innovative procedures and methodologies. This program is offered in collaboration with the Conemaugh School of Histotechnology at Conemaugh Memorial Medical Center, ensuring that graduates are prepared for employment upon graduation. Graduates are eligible to sit for the American Society of Clinical Pathology Certification Exam.
