

RADIOLOGIC TECHNOLOGY

ASSOCIATE OF APPLIED SCIENCE
64 CREDITS

Our Health Professions: Radiologic Technology program, offered in collaboration with the Conemaugh School of Radiology Technology at Conemaugh Memorial Medical Center, equips individuals to thrive in the fast-paced and technically demanding field. As Radiologic Technologists, our students deal with x-rays daily, gaining the confidence needed for success. Through our program, students will master the art of performing diagnostic radiographic procedures with ease.

CAREER OPPORTUNITIES

- Registered Staff Technologist in a Hospital, Clinic, or Doctors Office
- Registered Staff Technologist in Industry
- Registered Staff Technologist in the Military
- Management
- Research
- Education
- Sales

KEY COURSES

- Medical Terminology
- Concepts of Physics
- Technical Writing
- Students will also complete a specialized classroom and clinical experience technical block each semester at Conemaugh.

The Conemaugh School of Radiology Technology is accredited by the Joint Review Committee on Education in Radiology Technology (JRCERT).

WE ARE ACCREDITED.

Penn Highlands is accredited by the Middle States Commission on Higher Education. This means you will receive the same quality of education as major four-year institutions in our area.

WE ARE FAMILY.

Our supportive staff and faculty are here for you. We are available to listen, offer advice, and provide support to help you succeed. With an 18:1 student-to-faculty ratio, the hands-on support you will receive feels like family.
