**Total Credits 16**

**Summer 1**

HSC130	Basic Anatomy and Physiology	3	(Science Elective)
--------	------------------------------	---	--------------------

**Total Credits 3**

**YEAR 2**

<b>Conemaugh Radiologic Technology Course Credits</b>	<b>27</b>	(Articulated as a block of technical credits after successful completion)
---	-----------	---

**Minimum Credits to earn AA Degree: 62**

**\*\*Students must apply to the Conemaugh School of Radiology (Conemaugh Rad Tech) for admission to the clinical program. The clinical program starts each fall semester. While the school offers rolling admission, it is recommended that the student applies as soon as possible for admission as well as contact the program director with interest.**

**Clinical Program Pre-requisites:** Students must be graduates of an approved high school. The GED equivalency is accepted.

- ❖ Completion of the following high school courses with a “C” grade average or better within the last 5 years:
  - Algebra I (*If student does not have Algebra I, MAT 085 will fulfill this requirement*)
  - Biology (*If student does not have HS Biology, BIO102 will fulfill this requirement*)
  - Chemistry (*If student does not have HS Chemistry, CHM115 will fulfill this requirement*)
- ❖ Completion of the following college courses with a “C” grade average or better:
  - HSC130 Basic Anatomy and Physiology

**Note:** Students entering the program with a previously completed associate or bachelor’s degree need only complete the program prerequisite of HSC130 Basic Anatomy and Physiology and HSC100 Medical Terminology in order to complete the certificate through Conemaugh School of Radiologic Technology.
